

Pesticide Application Notification

Montabella Community Schools are required by state regulation 637 to ask if parents would like to be notified of any pesticide application that might be needed in their child's school. Please be advised that pesticide applications will be scheduled when students are *not* in the buildings. Inspections are planned on a quarterly basis and applications of pesticides are then scheduled, if needed. The first inspection is done in August. The other quarterly inspections will also be scheduled when school is not in session.

In certain *emergencies*, pesticides may be applied without prior notice, but parents will be provided notice following any such application. Precautions will always be taken to insure the safety of the students.

Should you have any questions or concerns about pest management within your child's school, please contact Ron Farrell, interim superintendent, at 989 427-5148.

Please notify us by returning to your school office the form that follows if you wish to be notified regarding pesticide application.

PESTICIDE PRIOR NOTIFICATION REQUEST

Parent/Guardian Name: _____

Student's Name: _____

Street Address: _____

City: _____

Phone Numbers: Daytime _____ Evening _____

Please Check One:

I wish to be notified prior to a scheduled pesticide treatment inside the building.

I wish to be notified prior to a scheduled pesticide treatment on the outside grounds of the school.

Both of the above.
